

**Blue Angels Career Fair
Blue Angels Elementary School, Pensacola, FL
June 1, 2010
Event Report**

MSCCN was honored to present and participate at the two-day 2010 Blue Angels Career Fair held by Blue Angels Elementary School in Pensacola, FL. In attendance were parents and those in the community interested in career information. Presentations by MSCCN, the Navy CYP School Liaison Office, Gulf Power, US Coast Guard, Escambia County Fire Department and Ambulatory Services, and others were the main attraction on the first day.

There were seven adults in attendance during the morning session on the first day. The school should take great pride in the contributions that they are making to the local community, the assistance they are extending to our job seekers, and the pro-active stance they are taking on career paths for their students.
