

Leaders to Sea, St. Louis, MO - June 24

MSCCN CEO and President Deborah Kloepfel attended the “Leaders to Sea” fundraising and networking event in St. Louis, MO. on June 24, 2010. This event was structured as a military networking event for corporate CEOs and executive management of Fortune 100 Corporations.

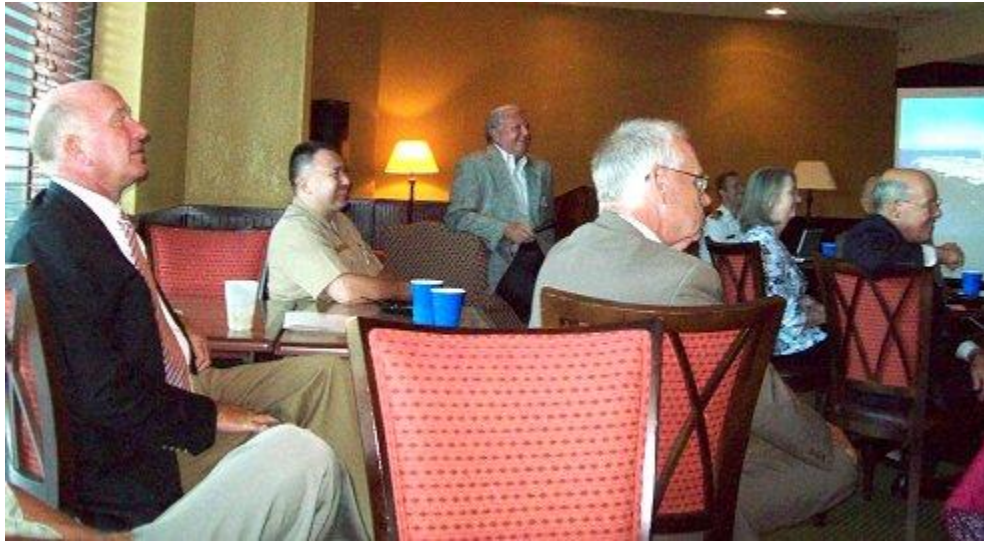

“The event offered the opportunity to meet with several CEOs of very prosperous corporations,” said Deb Kloepfel. “Needless to say, I made the most of this event to ensure every CEO received my business card and an MSCCN brochure. Additionally, I met many senior VPs of HR departments of participating Fortune 100 corporations in attendance. What a night!”
