## CASY-MSCCN Job Training & Job Placement Solutions for National Guard Families

**Shawn Leonard**  
**Founder & President, [AB Transport, Inc.](#)**  
**Volunteer Senior Advisor to CASY-MSCCN**  
**Troops to Transportation and Logistics Program<sup>SM</sup>**

CASY-MSCCN's [Troops to Transportation & Logistics Program<sup>SM</sup>](#) (T2TL) isn't just about driving a truck – it's about the logistics and details of transportation in its entirety. Every company is affected by a form of transportation—from a simple shipment of office supplies or furniture to car batteries or wind turbines. This Program directly connects us to the **over \$400 trillion dollar world of commerce** and is not committed to any one organization, company or industry. What does this mean? It means we have the ability to directly place wounded warriors, returning troops, veterans and their spouses/caregivers into an industry that has no limits to training and job placement locally, regionally or globally.

The National Guard and their spouses will be given first rights to training and career opportunities in the T2TL Program—globally. Why? The National Guard has made many sacrifices for us and I want to show my appreciation by stepping up to the plate to volunteer with CASY-MSCCN to lead this effort. I challenge YOU to join me and give freely of your time to organizations that serve our military. Now it's our chance to say "thank you" by connecting our troops with rewarding careers.

The military instills the skills necessary to succeed in many industries and we're ready to match our hero's with careers that best fit their skill set. Along with CASY-MSCCN, I am devoting myself and my family at AB Transport, Inc. to a mission to make an impact on the lives of thousands in the military, veterans and their spouses/caregivers. We are seeking more partners like YOU. Your company will benefit in many ways by adding these reliable, highly skilled individuals to your workforce globally—these talented individuals **will** make a positive impact on your bottom line plus there are tax benefits for hiring military. **Now is the time to step up and do something good for your country.** Join us today to pave the way for the Troops to Transportation & Logistics Program!

### Step-Up Plan

*It's Our Turn to  
Serve the Military!*

**Our mission** is to leverage industry expertise to identify, target and create immediate training and career opportunities for our military, veterans and their spouses/caregivers on a local, national and global level.

We are seeking like-minded leaders to serve the CASY-MSCCN mission of **DIRECTLY CONNECTING** Job Training and Job Placement into your industry.
